

H&C® Infusion Reactive Concrete Stain

Additional colors can be achieved by inter-mixing the colors. These colors are a representation. Actual color will vary due to the concrete finishing method (how smooth or porous the surface is), producing a mottling or distressed appearance.

Always do a test area first. Lido Blue, Potato Ivy and Verdant Plain are for interior use only. Read all instructions and technical sheets prior to using H&C Infusion Reactive Concrete Stains and Sealers. These products are for professional use only.
